

GOOD NEWS:

SSPS2023 Conference proceedings were indexed by EI Compendex and Scopus.

Xi'an
China —  — 2024

SSPS 2024

Call For Paper

Software Implementation of Signal Processing Systems
Software on programmable digital signal processors
Machine Learning for Signal Processing
Deep learning/machine learning/AI algorithms

Signal Processing Application Systems
Audio, speech, and language processing
Hardware Implementation of Signal Processing Systems
High-performance VLSI systems

For more detail, please visit at <http://ssps.net/cfp.html>

Submission

Full paper (publication and presentation)
Abstract (presentation only)

Full paper and abstract, please upload it to Conference Submission System (.pdf)
<http://confsys.iconf.org/submission/ssps2024>
If you have any queries, please email ssps@chairmen.org

For more detail, please visit at <http://www.ssps.net/sub.html>
